#### 3. GENERAL PRINCIPLES

OTOKAR encourages its Employees and Business Partners to raise<sup>1</sup> their concerns without fear of Retaliation. In this regard, OTOKAR is committed to protecting Employees and Business Partners who make a Notification in good faith and with reasonable grounds and/or contribute to an Investigation, ensuring that their professional life or ongoing business relationship with OTOKAR is not adversely affected.

This Policy, which has been prepared in line with OTOKAR's "Zero tolerance to Retaliation" approach, is based on the following international standards and principles:

- UN Guiding Principles on Business and Human Rights (2011)
- UN Global Compact (2000)
- ILO Declaration on Fundamental Principles and Rights at Work (1998)

#### Accordingly:

- Any form of Retaliation shall be considered a direct violation of the OTOKAR Code of Ethics, the OTOKAR Whistleblowing Policy, and this Policy, and shall be subject to Disciplinary Penalties<sup>2</sup>.
- OTOKAR makes proactive efforts to protect Whistleblowers and individuals supporting Investigations—even if the facts could not be confirmed—provided that the Notification was made in good faith, with reasonable grounds, and not with intent to harm, gain advantage, or cause damage.
- Necessary measures are taken to identify and protect individuals who have been subjected to or are at risk of Retaliation, including Whistleblowers and those contributing to Investigations (e.g., witnesses).
- Unless formally requested by judicial or administrative authorities, the identity and identifying information (such as location, department, or project details) of the Whistleblower, the reported individual, and others involved in the Investigation process shall be kept confidential.
- ➤ The contracts signed with Business Partners are expected to align with the principles set forth in this Policy to the extent necessary and applicable.

# 4. APPLICATION OF THE POLICY

# 4.1. Measures Against Retaliation

and/or Legal and Compliance) deems it necessary, the following protective measures—among others—may be implemented. These measures will be coordinated by the Human, Culture and Transformation Leadership with the consent of the Whistleblower or related individuals, while ensuring confidentiality of the Investigation process:

- Right to Administrative Leave: Whistleblowers or other relevant individuals may be granted a period of administrative leave during the Investigation process to ensure they do not feel under pressure.
- ➤ Right to Change of Work Location or Department: Whistleblowers and other relevant individuals may have the right to be temporarily or permanently reassigned to another role or department in cases where they feel unsafe or to alleviate pressure in the work environment.
- ➤ Remote Working Option: To ensure physical safety or psychological comfort, Whistleblowers and other relevant individuals may be allowed to work remotely during the Investigation process. This helps them avoid workplace pressure or direct contact.
- ➤ Psychological Support and Counseling Services: Providing psychological support to Whistleblowers and other relevant individuals helps them cope with stress and pressure.
- ➤ Enhanced Security Measures: Security measures at the workplace may be increased to ensure the physical safety of Whistleblowers and other relevant individuals.
- ➤ **Defining Flexible Working Hours:** Whistleblowers and other relevant individuals may be entitled to flexible working hours if they feel under psychological pressure. Adjustments to working hours can help establish a more comfortable working routine.
- ➤ Workplace Adjustments: Modifications may be made to the work environment to help Whistleblowers and other relevant individuals feel more comfortable and secure. For example, desk or seating arrangements may be changed.

If deemed necessary for the integrity and effectiveness of the Investigation, employees suspected of engaging in Retaliation may be temporarily removed from their duties. If the Investigation is being conducted by the authorized functions of OTOKAR, the approval of the General Manager is required for such a decision. For matters under the authority of Koç Holding, the opinion of the Head of Internal Audit and the Chief Legal and Compliance Officer must be obtained, along with the approval of the CEO.

Following the completion of the Investigation, if deemed necessary, the Internal Audit and/or Legal and Compliance departments may conduct the following assessment activities to determine whether individuals at risk of Retaliation have indeed been subjected to any adverse treatment:

> Employee Interviews and Surveys: Periodic one-on-one interviews or anonymous surveys may be conducted with individuals identified as being at risk of Retaliation. These aim to assess whether they have been subjected to any form of adverse treatment.

- ➤ Review of Performance and Compensation Changes: Performance evaluations, promotions, salary increases, bonuses, and role changes of Whistleblowers and other involved individuals are monitored to ensure they have not been treated less favorably compared to other employees.
- Monitoring of Roles and Responsibilities: Any negative changes in the job descriptions, responsibilities, or working conditions of Whistleblowers and other involved individuals are examined. Role changes, adjustments in working hours, or project assignments are reviewed carefully.
- ➤ Regular Review Meetings with Managers: Regular meetings with managers are held to evaluate whether decisions regarding Whistleblowers and other involved individuals are objective and appropriate. These meetings ensure that all decisions are based on legitimate and objective justifications.
- Prompt Review of Retaliation Allegations: Any Notification that includes allegations of Retaliation is promptly addressed under the OTOKAR Whistleblowing Policy, and an Investigation is launched if necessary.

To evaluate the effectiveness of these measures, Internal Audit and/or Legal and Compliance department shall maintain a list of Whistleblowers and other relevant individuals, and report the protective measures taken and assessment activities conducted to the Disciplinary Committee / Ethics Committee on a regular basis, at least once per year.

# 4.2. Rights and Obligations of Whistleblowers and Other Involved Individuals

To ensure the protection of Whistleblowers and other relevant individuals from potential acts of Retaliation due to their Notifications or contributions to Investigation processes conducted in accordance with the OTOKAR Whistleblowing Policy, the following rights are guaranteed under this Policy:

- ➤ **Right to Report Without Fear of Retaliation:** Employees and other relevant individuals are expected to report any unlawful and/or unethical conduct in line with company policies without fear of Retaliation<sup>3</sup>. Whistleblowers and other involved individuals shall be protected even if the reported incident cannot be proven through an Investigation, provided that the Notification was made in good faith, based on reasonable grounds, and not with the intention to cause harm, create victimization, or gain personal benefit.
- Right to Job Security: If a Notification is made in good faith and not anonymously, the employment contract of the Whistleblower or any other individual who contributed to the Investigation process cannot be terminated without valid cause. They cannot be suspended, removed from their position, forced to take paid or unpaid leave, or reassigned. Whistleblowers and involved individuals are entitled to protection against actions such as salary reduction, denial of promotion, or reduction of responsibilities that may be considered retaliatory.

<sup>&</sup>lt;sup>3</sup> If it is determined during an Investigation that a Whistleblower or any other related individual has deliberately and maliciously provided false information, such individuals may be subject to disciplinary proceedings and Disciplinary Penalties. Therefore, it is extremely important that Notifications are based on observations and, where possible, supported by evidence.

- ➤ Right to Confidentiality and Anonymity: Whistleblowers have the right to keep their identity confidential or to submit a report anonymously. In this regard, any information reported through the Koç Group Ethics Hotline or other reporting methods will be kept confidential to the extent permitted by law. Whistleblowers and all others providing information during an Investigation are obligated to maintain the confidentiality of the information they provide or acquire during the Investigation and to protect the existence, confidentiality, and participants of the process.
- ➤ **Right to a Fair and Impartial Investigation:** Complaints raised by Whistleblowers are examined fairly and impartially. Whistleblowers have the right to be informed<sup>4</sup> about their complaint and to request transparency throughout the Investigation process.
- Right to Equal Treatment and Protection of Working Conditions: The working conditions, roles, and responsibilities of Whistleblowers and other involved individuals must be evaluated according to the same criteria applied to other employees. No negative changes to job descriptions, performance evaluations, or salaries shall be made based on the Notification.
- ➤ Right to Psychological and Physical Safety: Whistleblowers and other relevant individuals have the right to continue working in a safe environment free from physical or psychological harassment or mobbing. They may also request access to internal or external psychological support when necessary.
- Right to Report Retaliation: Whistleblowers and other involved individuals who believe they have been subjected to Retaliation have the right to report such incidents under the OTOKAR Whistleblowing Policy.
- ➤ **Right to Be Informed:** Whistleblowers are entitled to be informed about the Investigation process and any measures taken. This information is shared in accordance with the progress of the process and, where necessary, the Investigation may be kept entirely confidential to ensure the safety of the Whistleblower and other involved individuals.
- > Right to Career Protection: A Whistleblower's job security and career development cannot be threatened or hindered due to their report.

This Non-Retaliation Policy does not offer protection to individuals who report their own unethical or unlawful behavior or who act in violation of the law or ethical principles. While good faith Notifications are protected under this Policy, reporting one's own misconduct is not considered grounds for Retaliation protection.

Additionally, employees must not attempt to avoid dismissal or disciplinary action by using the Notification mechanism to report their own ethical violations or performance-related deficiencies. Employees undergoing a dismissal or disciplinary process are not granted special protection solely because they have made a Notification. Protection is only applicable when the report is made honestly and in good faith. Attempts to conceal performance or behavioral issues through reporting are not covered by this Policy.

<sup>&</sup>lt;sup>4</sup> While it is recommended that the department conducting the Investigation informs the Whistleblower about the progress and outcome of the Investigation, it may be decided, if deemed necessary, to conduct the process in complete confidentiality.
