COOKIE PRIVACY NOTICE
ON PROCESSING OF PERSONAL DATA

Tracking technologies such as cookies, pixels, gifs ("**Cookies**") placed on your pad, mobile phone, or computer during your use or visit websites or mobile applications. Through Cookies, servers of our websites and applications provide you to remember your language preferences, saved usernames and passwords or the products in your shopping cart by recognizing your devices and allow the traffic on site to be managed. Cookies help us improve our software to provide you with a better experience by analyzing the number and audience of visitors using our website or application and in case you prefer; help us to personalize the advertisements you display during your internet usage.

Your personal data regarding cookies used on the https://www.otokar.com.tr/en ("**Website**") may be processed by Otokar Otomotiv ve Savunma Sanayi Anonim Şirket ("**Otokar**" or "**Company**") as the data controller in accordance with Personal Data Protection Law No. 6698 ("**the Law**") within the purposes specified below.

Detailed information on the processing of your personal data by our Company has been shared with the public at the website https://www.otokar.com.tr/getmedia/3ba694d2-9505-4da0-bc6f-038963682768/personal-data-protection-policy via Otokar's Personal Data Protection Policy ("**Policy**").

Purposes for and Legal Grounds of Processing Personal Data

Your collected personal data may be processed for purposes of the conditions and purposes for the processing of personal data specified in Article 5 of the Law, for the below-mentioned purposes ("**Purposes**"). Cookies on the Website are used for different purposes. Depending on the type of cookie used, the data processing purposes and the conditions for data processing under the Law on which we rely when using the relevant cookie may change.

Essential Cookies
Essential cookies are cookies placed on your device and required for the proper functioning of the online services offered during your use of the Website. For the data processing activities conducted by use of these essential cookies, we rely on the data processing condition envisaged as ***"being necessary to process personal data of the parties of the contract, provided that it is directly related to the establishment or performance of the contract"*** under Article 5 of the Law*.

Performance and Analytics Cookies
Performance cookies allow us to track and analyze the number of people viewing the Website and the website traffic. By means of these cookies, we may obtain information such as which areas on the Website are most frequently or rarely visited and we may optimize the traffic of the Website. We rely on the data processing condition envisaged as "**processing of data is necessary for the legitimate interests pursued by the data controller, provided that this processing shall not violate the fundamental rights and freedoms of the data subject**" within the scope of Article 5 of the Law.

Functionality Cookies
Functionality cookies are necessary to provide certain functions on the Website and to remember your preferences related to them. Functionality cookies are used to remember your language preference on the Website or to save your settings for cookie use. We rely on the data processing condition envisaged as "**processing of data is necessary for the legitimate interests pursued by the data controller, provided that this processing shall not violate the fundamental rights and freedoms of the data subject**" within the scope of Article 5 of the Law.

Advertising and Targeting Cookies

Advertising and Targeting cookies are used to promote personalized products and services in accordance with your screening history and visitor profile on the Website or in channels other than the Website. For the data processing activities conducted during the use of these cookies, we rely on the data processing condition envisaged as **"your explicit consent"** within the scope of Article 5 of the Law.

Below you can find the different types of cookies that we use on the Website. Both first party cookies (placed by the Website you visit) and third-party cookies (placed by servers other than the Website you visit) are used on the Website.

Targeting or Advertising Cookies

We use cookies to promote products and services to you on our site or in channels other than our site. In addition, we may cooperate with some of our business partners to advertise and promote you within or outside of our site. For example, cookies can be used to track whether you clicked on an ad you saw on our site, and if you benefited from the service on the site to which the ad was directed after the ad attracted your attention.

Cookie Service Provider	Cookie Name	Puspose of Use	Cookie Type	Duration of Use
Google	__utma, __utmb, __utmc, __utmz, _ga	It allows to analyze the overall performance of the site by anonymously analyzing the movements of the users within the site.	3rd Party Cookie	2 year
Facebook	_fb, _fbq	It allows anonymous segments to be used as target groups in Facebook and Instagram ads based on the movements of the users within the site.	3rd Party Cookie	1 year

Recipient Parties and Purposes for Transferring Personal Data

Your personal data may be transferred for the mentioned Purposes, to consultants and other technical service providers whom we provide services, to our business partners with whom we cooperate within the scope of our legitimate interest, legally authorized public authorities, and legally authorized private institutions within the scope that is expressly provided in the laws and fulfillment of our legal obligations within the scope of the data processing conditions regulated in Article 5 of the Law in accordance with the personal data transfer rules specified in Article 8 of the Law.

Certain cookies used on the Website are provided by third-party service providers other than Otokar. In the presence of your explicit consent, your information regarding your movements and preferences on the Website, transaction security and social media data may be transferred in accordance with the rules

regarding the transfer of the personal data specified in Article 9 of the Law, for the purpose of providing essential, functionality, preference, social media, performance and analytics, targeting and advertising cookies to Google Inc., Facebook Inc., Kentico Software residing abroad, within the scope of the data processing conditions specified in Article 5 of the Law.

<u>Method of the Collection of Personal Data</u>

Your personal data is collected via cookies in the electronic environment within the scope of fulfilling the above-mentioned Purposes.

<u>Data Subject's Rights Specified under Article 11 of the Law</u>

We hereby declare that as personal data subjects, you are entitled to the following rights, set forth under Article 11 of the Law:

- To request information if your personal data have been processed,
- To learn the purpose of the processing of your personal data and whether they have been used accordingly,
- To learn which third parties domestic or abroad your personal data has been transferred to,
- To request rectification in case your personal data has been processed incompletely or inaccurately and to demand the operations in this regard be reported to third parties your personal data has been transferred to,
- To demand the erasure or destruction of your personal data in the event that the reasons for the processing no longer exist even though it was processed in accordance with the Law and other relevant provisions and to demand the operations in this regard be reported to third parties your personal data has been transferred to,
- To object to negative consequences to you that are concluded, as a result of analysis of the processed personal data through solely automatic systems,
- To demand compensation for the damages that you have suffered as a result of an unlawful processing of your personal data.

You may convey your requests concerning your rights listed- above, to Otokar by contacting us at https://www.otokar.com.tr/getmedia/9ccc42af-2fd1-4d1b-9df9-19df75138c27/data_subject_application_form Depending on the nature of your request, your application will be concluded as soon as possible, within 30 days at the latest, and in principle, free of charge. However, if the process requires additional costs, a fee may be demanded according to the tariff determined by the Personal Data Protection Board.
